

## Antenna Mounts

### Monopole Wireless Arm Assemblies

Monopole Wireless Arm Assemblies are ideal for single sector applications and can support up to three antennas. They are offered in 3', 5', 11', and 14' widths. The two shorter arms utilize a 2 3/8" OD cross arm, and have all the necessary hardware required to attach two vertical pipes. The two longer options have a 3 1/2" OD cross arm, and have all the necessary hardware required to attach three vertical pipes.

Each kit comes with all necessary hardware for installation to our Universal Monopole Ring Assemblies; sold separately on page 34. All material is hot dip galvanized to weather the elements.
